## **LIFE MEMBERSHIP OF THE AIF SWIMMING ASSOCIATION**

Wentworthville League's Swimming club membership has unanimously supported a motion, that our club Captain Sean Henly be nominated for Life membership of the AIF swimming Association.

Sean has served swimming both at Club level and the AIF National Carnival in various capacities for a number of years, his contribution and service has been tireless and we feel should be rewarded with this honour.

We therefore request that the AIF Swimming Association Committee give favourable consideration to this nomination.

Yours Faithfully

Tom Lamont  
President  
Wenty Leagues Swimming Club

## A MESSAGE TO ALL CLUBS FROM THE PRESIDENT KERRY RYAN

it has come to my attention a submission from wenthworthville leagues swimming club has been received for sean henly to be installed as a life member of the aif association

it would not be normal practice of the president to comment and in fact this is the first time i have done so

i fully support this nomination in my years of involvement with the aif swimming sean has always been there for our carnival even before my involvement i can remember sean under the grandstand at ashfield sorting race cards etc

at every carnivals i have attended sean has always been a willing worker  
sean understands the engine room and can take on any job on the pool deck  
i only have to say sean we have a problem and he is there to assist  
he is the front man the desk of of the admin /engine room area  
and can handle all enquiries

every president should have a vice he can rely on and sean certainly fills the bill

sean proved his value at albury when as you know i was unable to attend

i recommend a yes vote to this submission
